WHAT IS TITLE I?

Title I is a federally funded program designed to support students in reading and/or math. In general, Title I funds provide additional staffing, instructional materials, and family resources. Title I funded teachers include math specialists, reading specialists, and/or classroom teachers who work with students to support their academic needs through interventions, co-teaching, and/or reducing class size. Family resources are based on family input/needs and may include additional programs, at-home learning materials, and other collaborative initiatives that increase family-school partnerships.
